

National Recognition. Local Address.

Thanks to the hard work and commitment of our employees, medical staff and volunteers, Lake Wales Medical Center recently received the 2007 Premier CareScience Select Practice National Quality Award. As one of only three hospitals in Florida and the only hospital in Polk County to receive this honor, we were recognized as one of the country's top performers in quality and efficiency among all acute facilities. More importantly, this prestigious award reflects our dedication to those we care about most – our patients. Choose quality care, right here – Lake Wales Medical Center.
